

FNS50217 DIPLOMA OF ACCOUNTING

Course Brochure for International Students

ABOUT THE COURSE

Australasian International Academy (AIA) is a Registered Training Organisation (RTO Code 41144) registered with the Australian Skills Quality Authority. Australasian International Academy (AIA) is also a CRICOS (the Commonwealth Register of Institutions and Courses for Overseas Students) registered education provider (CRICOS Code 03480K) for the international students in Australia. AIA is proud to offer the FNS50217 Diploma of Accounting as a 52-week course for international students. This program is delivered in the classroom through face-to-face supervised training and assessment activities, supported by non-supervised study hours / homework. The nationally accredited Diploma of Accounting is designed to take your accounting career further in the Financial Services sector - the second largest industry for employment in Australia and growing fast.

This qualification reflects professional accounting job roles in financial services and other industries, including tax agents, accounts payable and accounts receivable officers, payroll service providers, and employees performing a range of accounting tasks for organisations in a range of industries. Individuals in these roles apply solutions to a range of often complex problems and analyse and evaluate information from a variety of sources. They apply initiative to plan, coordinate and evaluate their own work and provide guidance to others within defined guidelines.

WHO IS RESPONSIBLE FOR YOUR TRAINING?

Australasian International Academy is responsible under the National Vocational Education and Training Regulator Act 2011 for the quality of the training and assessment being delivered in this course and for the issuance of all AQF (Australian Qualifications Framework) certificates.

WHY STUDY WITH AUSTRALASIAN INTERNATIONAL ACADEMY (AIA)?

At AIA, you receive an education that offers 'real world' experience backed by strong links with industry so you graduate with the practical skills employers seek and the skills and confidence you need to reach your career goals. You will receive high quality education and support from our highly qualified and experienced trainers; they are industry professionals with many years of experience in their respective fields. AIA has developed the most relevant, innovative and effective ways for students to maximise their success for learning.

Unit sequence	<p>Units are distributed among the terms as follows:</p> <p>Term 1:</p> <ul style="list-style-type: none">BSBADM502 Manage meetingsBSBCMM401 Make a presentationFNSACC511 Provide financial and business performance information <p>Term 2:</p> <ul style="list-style-type: none">FNSACC512 Prepare tax documentation for individualsFNSACC517 Provide management accounting informationFNSACC516 Implement and maintain internal control procedures <p>Term 3:</p> <ul style="list-style-type: none">FNSACC513 Manage budgets and forecastsBSBLDR402 Lead effective workplace relationshipsBSBITU402 Develop and use complex spreadsheets <p>Term 4:</p> <ul style="list-style-type: none">BSBFIA401 Prepare financial reportsFNSACC514 Prepare financial reports for corporate entities (pre-requisites units are BSBFIA401 Prepare financial reports and FNSACC311 Process financial transactions and extract interim reports)
Prerequisite or corequisites	<p>Students must complete BSBFIA401 Prepare financial reports and FNSACC311 Process financial transactions and extract interim reports (both are included in Australasian International Academy's FNS40217 Certificate IV in Accounting and Bookkeeping course) before enrolling into the unit FNSACC514 Prepare financial reports for corporate entities in this course.</p>
Delivery schedule	<p>AIA operates through a system of rolling enrolments meaning that students may commence at the beginning of any term. Students may enter this qualification after any unit provided that they must have achieved competency in the units BSBFIA401 Prepare financial reports and FNSACC311 Process financial transactions and extract interim reports (both are included in Australasian International Academy's Certificate IV in Accounting and Bookkeeping) as the prerequisites for FNSACC514 Prepare financial reports for corporate entities in this qualification.</p> <p>The Training and Assessment Schedule is shown in terms and this represents the scheduling of units on commencement. In other words, the course will be delivered in the sequence shown in the Training and Assessment Schedule. A separate and comprehensive session plan has been developed that shows scheduling relevant sessions of training and assessments to the cohort i.e. dates and times. Trainers and assessor will be provided with this session plan. However, depending on when a student joins the course, the term number may vary.</p>
Training requirements	<p>The qualification is delivered over 52 weeks comprising of:</p> <ul style="list-style-type: none">4 terms of 10 weeks each (40 weeks total).Holiday breaks amounting to 12 weeks (as specified in the training and assessment schedule) <p>Students are required to attend 20 hours of classroom training and assessment activities per week. Additionally, non-supervised study hours/ homework is expected to be</p>

	<p>approximately 5 hours a week.</p> <p>A timetable will be supplied to each student prior to course commencement. Students are also provided with an orientation to the course to outline the learning and assessment processes, support services and other relevant information. This forms part of the general orientation that AIA provides to students.</p> <p>Five required weekly sessions for a learner are typically scheduled for two and a half days which comprise of four sessions on two days and a fifth session on another day. However, they can also be divided into different days of a week with a session on each day or different days. The specific days of the week on which class activities are scheduled will be advised at the beginning of term and can vary with each term/ intake. AIA will aim to keep standard allocated days for each cohort for the duration of the course to enable learners to plan their work and other commitments around the course obligation.</p> <p>Approximately 60% to 70% of these weekly hours is allocated to the conduct of training activities in the classroom.</p> <p>Students are provided with Student Guides that they will use in the classroom to develop their knowledge and understanding.</p> <p>All students will be provided with a range of learning support options and resources to help them achieve competency.</p>
Assessment requirements	<p>AIA employs various assessment methods to determine the competency of a learner. These methods may vary among the units of competency. Approximately 30% to 40% of the weekly hours is allocated to the conduct of assessment during classroom activities. These include activities such as group activities, practical demonstration, role play and so on.</p> <p>Assessment will occur through a variety of methods, including projects incorporating role-plays, case studies and short answer questions. Assessment conditions will ensure a simulated workplace environment.</p> <p>Assessment tasks are in general as in the followings:</p> <ul style="list-style-type: none">▪ Reflect real life work tasks.▪ Required to be performed within industry standard timeframes as specified by assessors in relation to each task.▪ Assessed using assessment criteria that relate to the quality of work expected by the industry.▪ Performed to industry safety requirements as relevant.▪ Utilise authentic workplace documentation.▪ Require students to work with others as part of a team.▪ Require students to plan and prioritise competing work tasks.▪ Involve the use of standard, workplace equipment such as computers and software.▪ Ensure that students are required to consider workplace constraints such as time and budgets.
