

ICT60220 ADVANCED DIPLOMA OF INFORMATION TECHNOLOGY

COURSE BROCHURE FOR INTERNATIONAL STUDENTS

ABOUT THE COURSE

This is a practical and hands-on qualification aimed at equipping the learners with the skills and knowledge in information technology. This qualification reflects the role of individuals in a variety of information and communications technology (ICT) roles who have significant experience in specialist technical skills, or managerial business and people management skills.

Individuals in these roles carry out complex tasks in a specialist field, working independently, leading a team or a strategic direction of a business. They apply their skills across a wide range of industries and business functions, or as a business owner (sole trader/contractor).
